

FireBrok - Angular

PRW3 - Bastien Nicoud

Sommaire

Technologies et structure

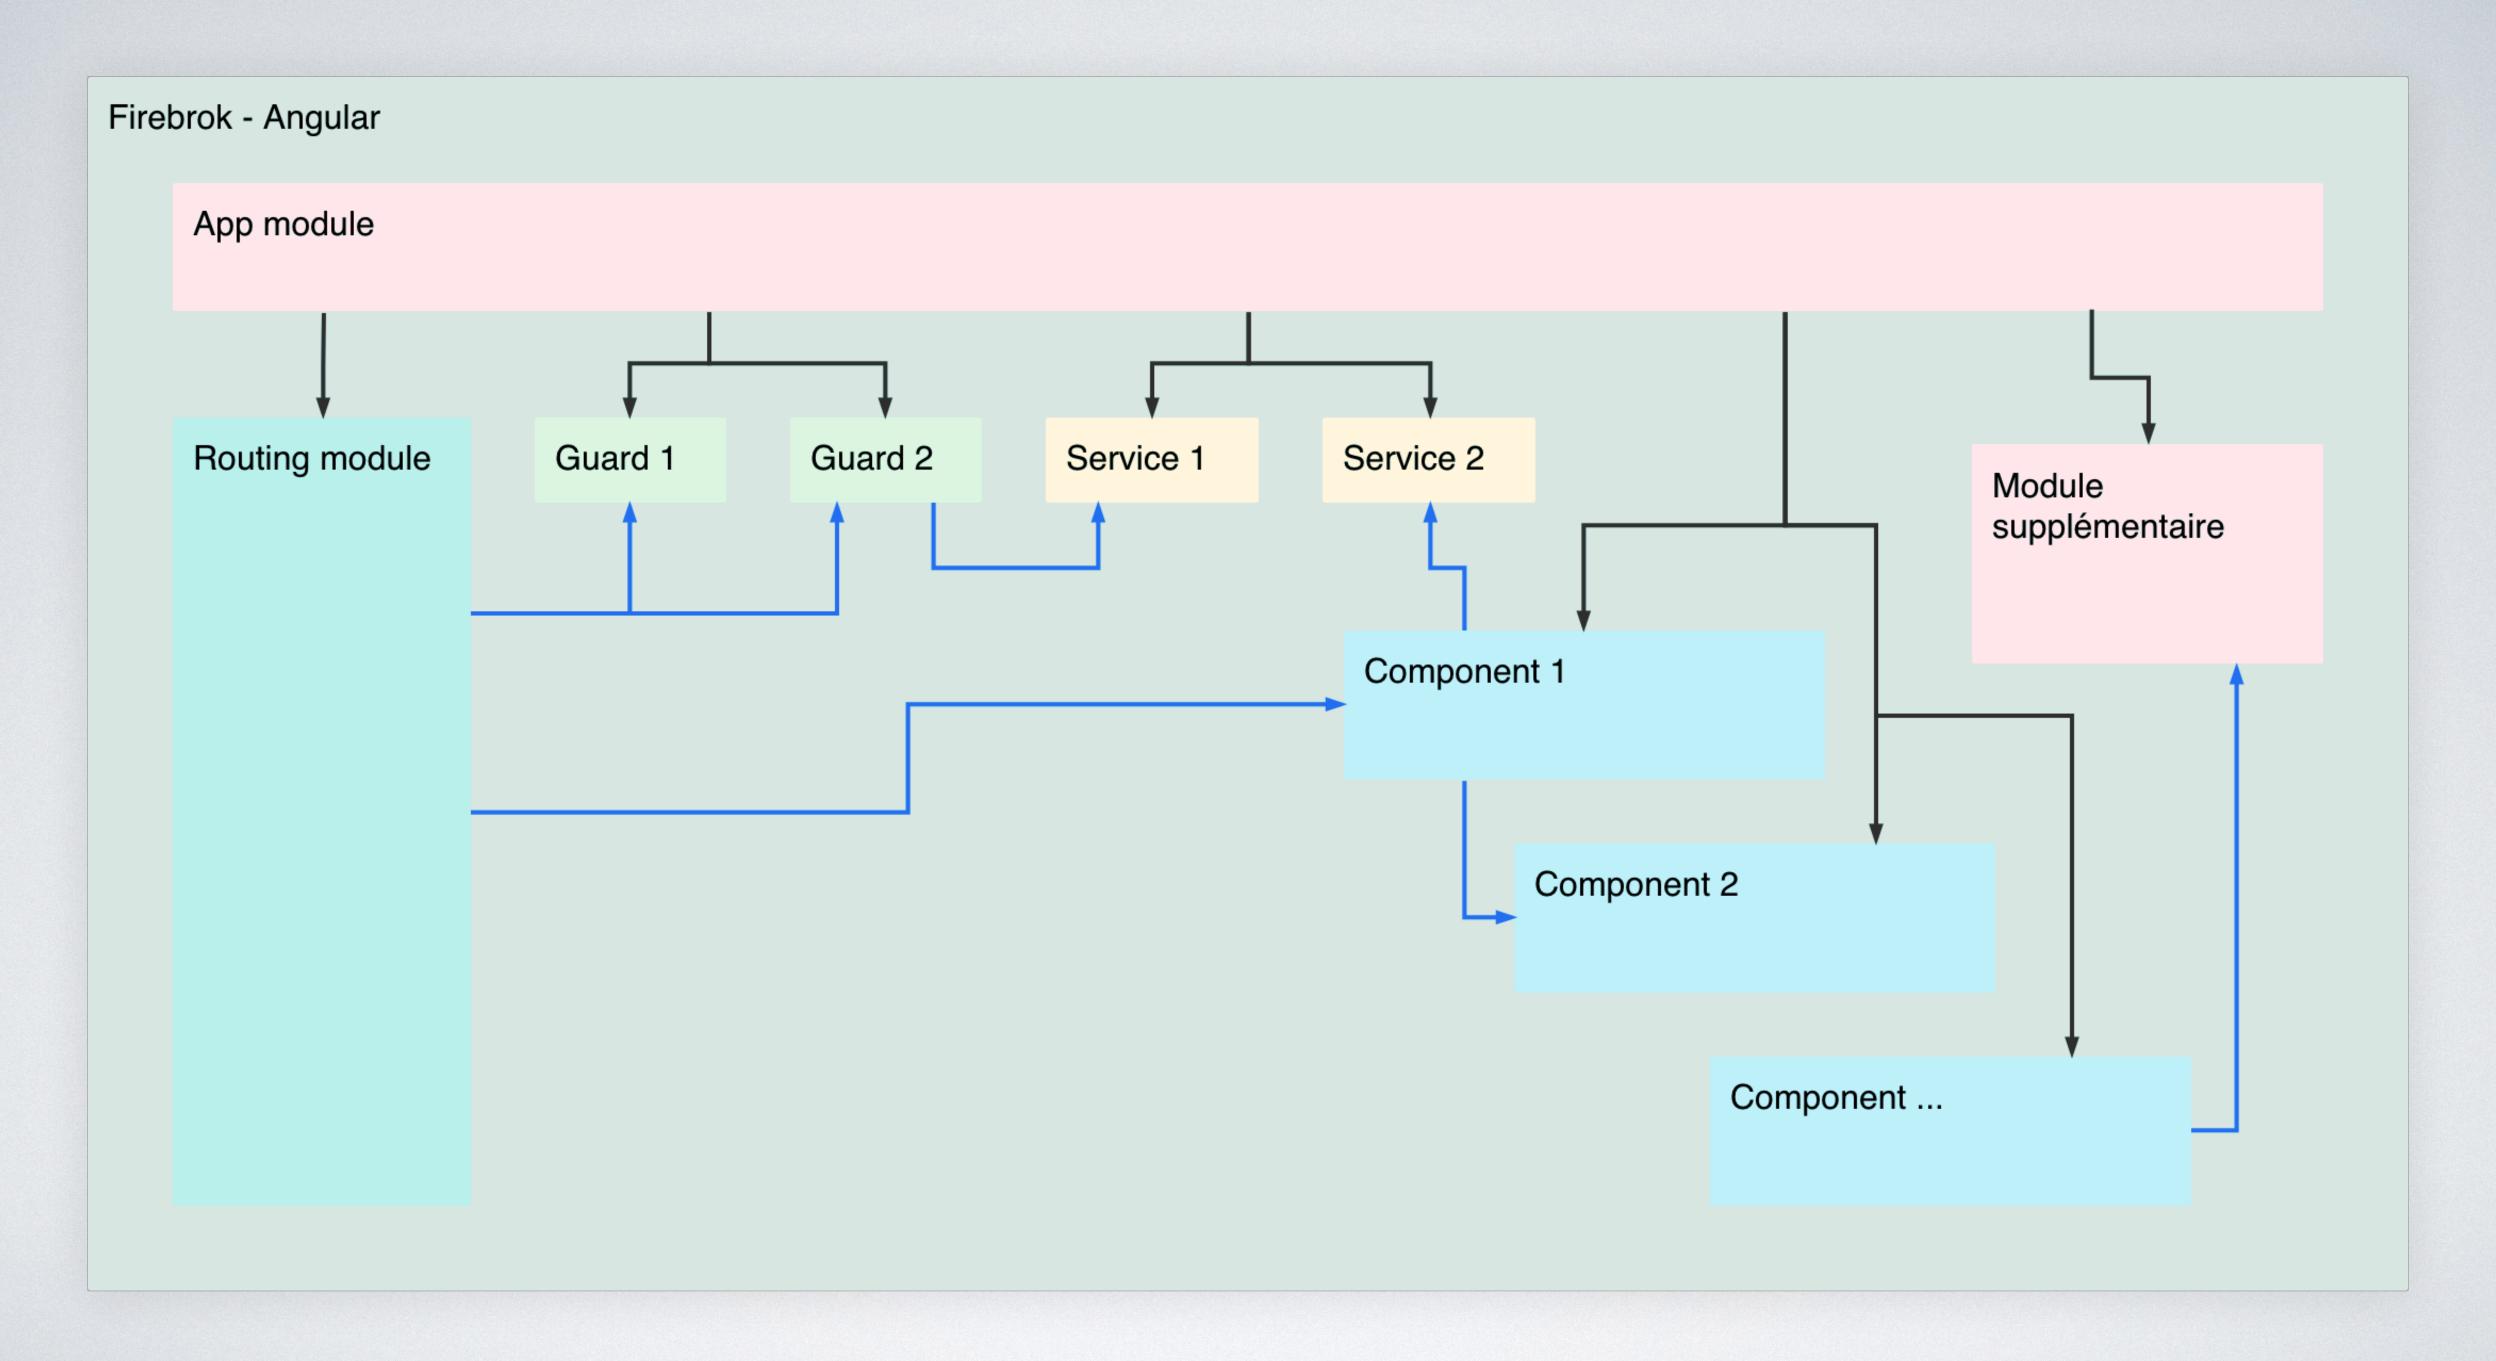

Gestion des observables

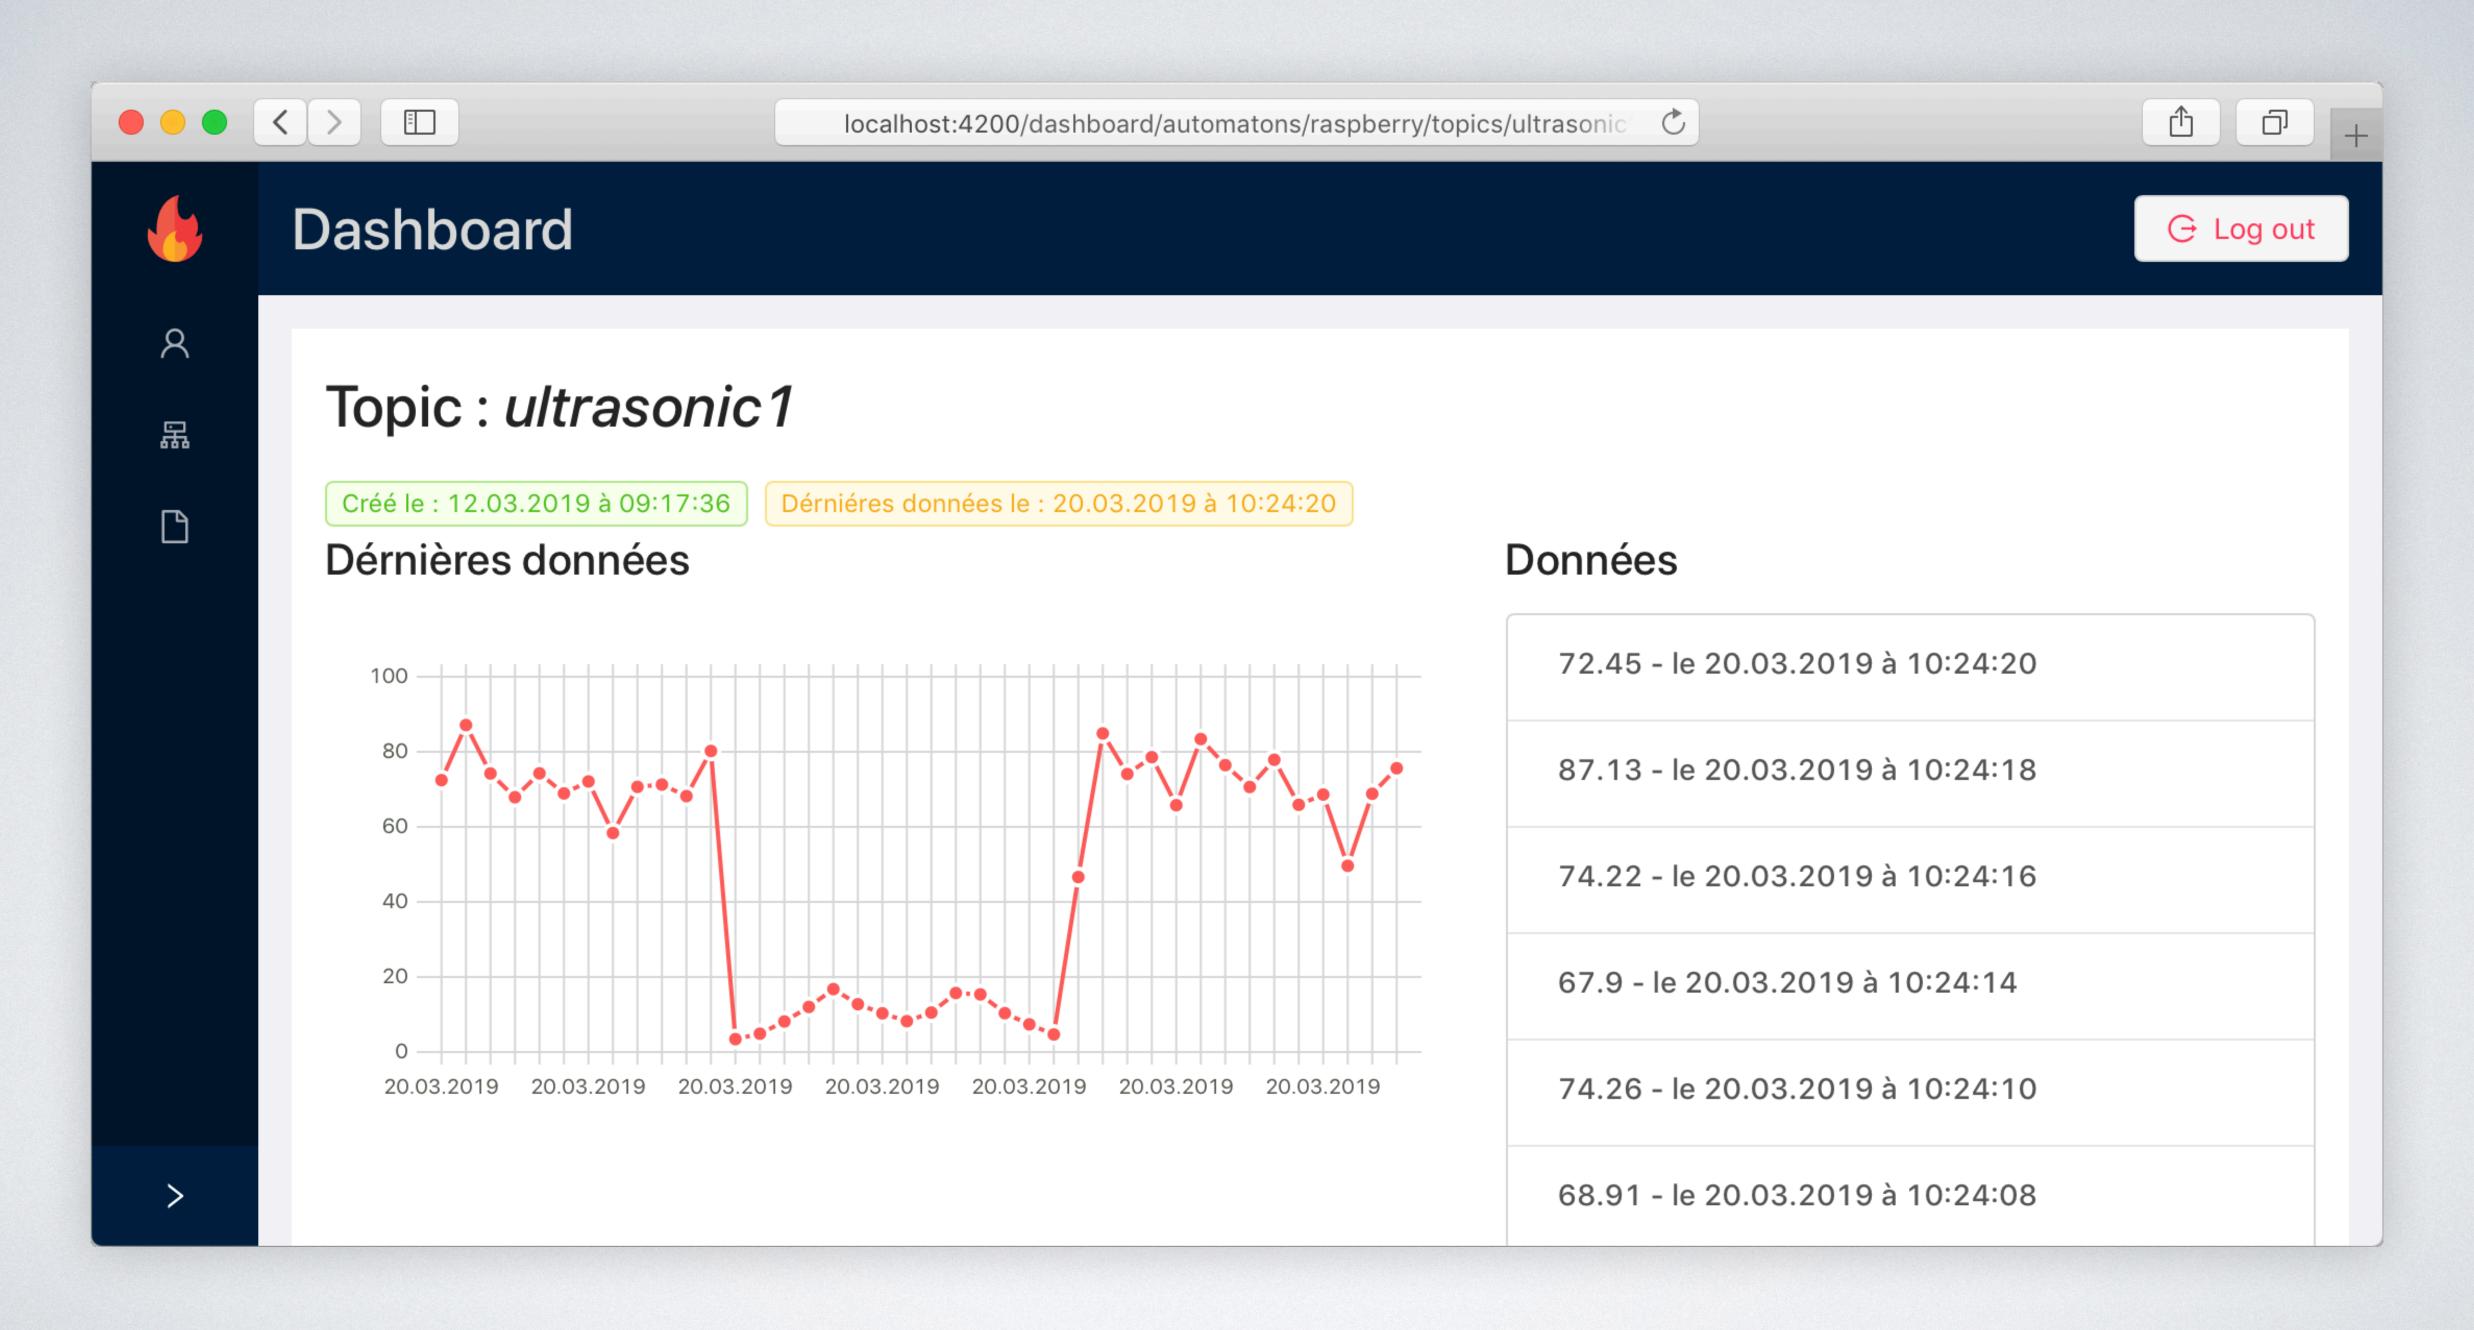

Génération des graphiques

Technologies utilisées

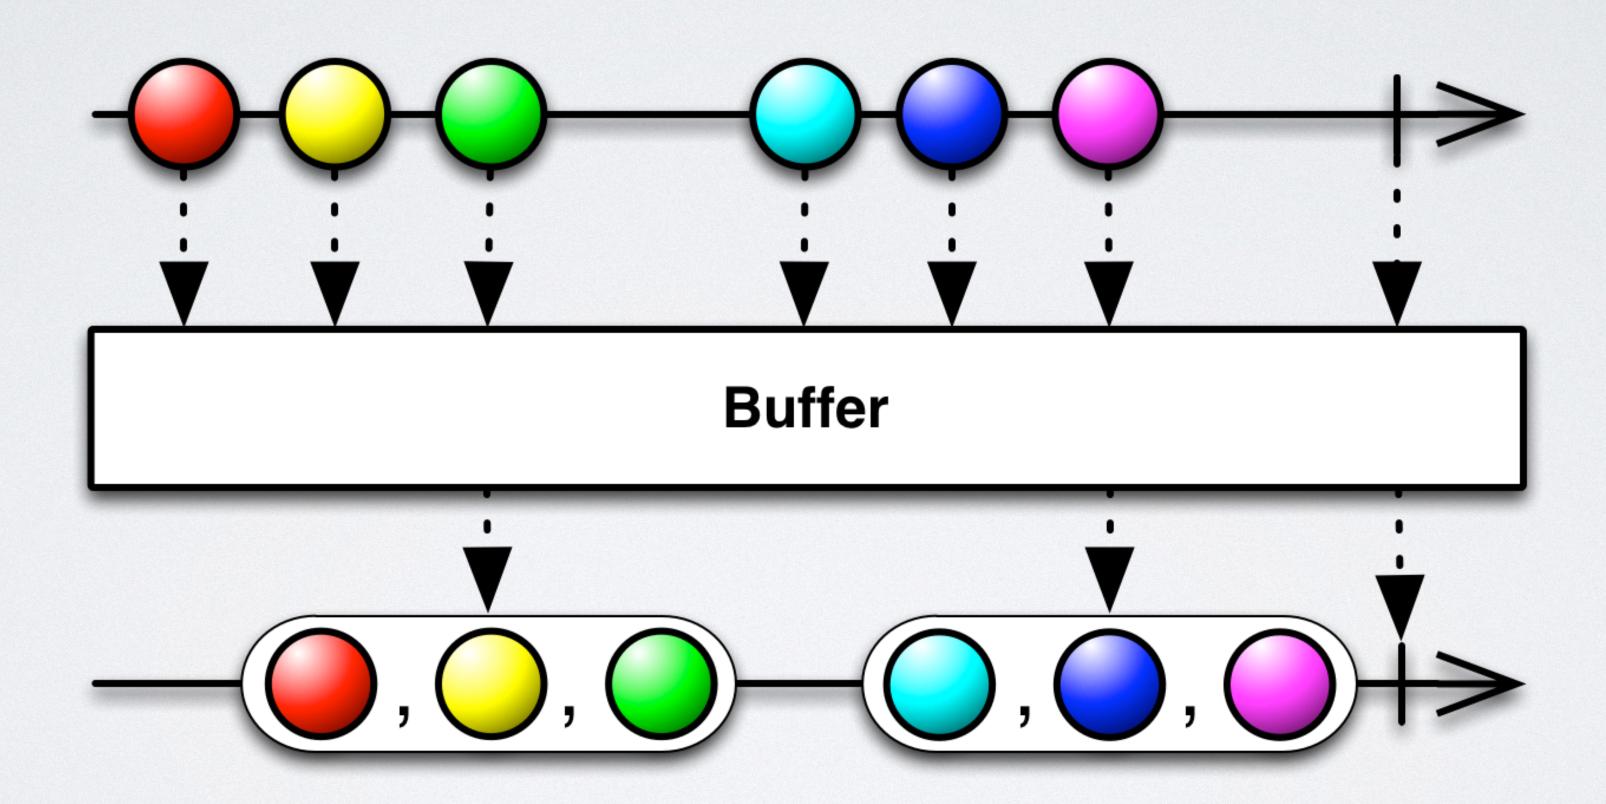

ReactiveX

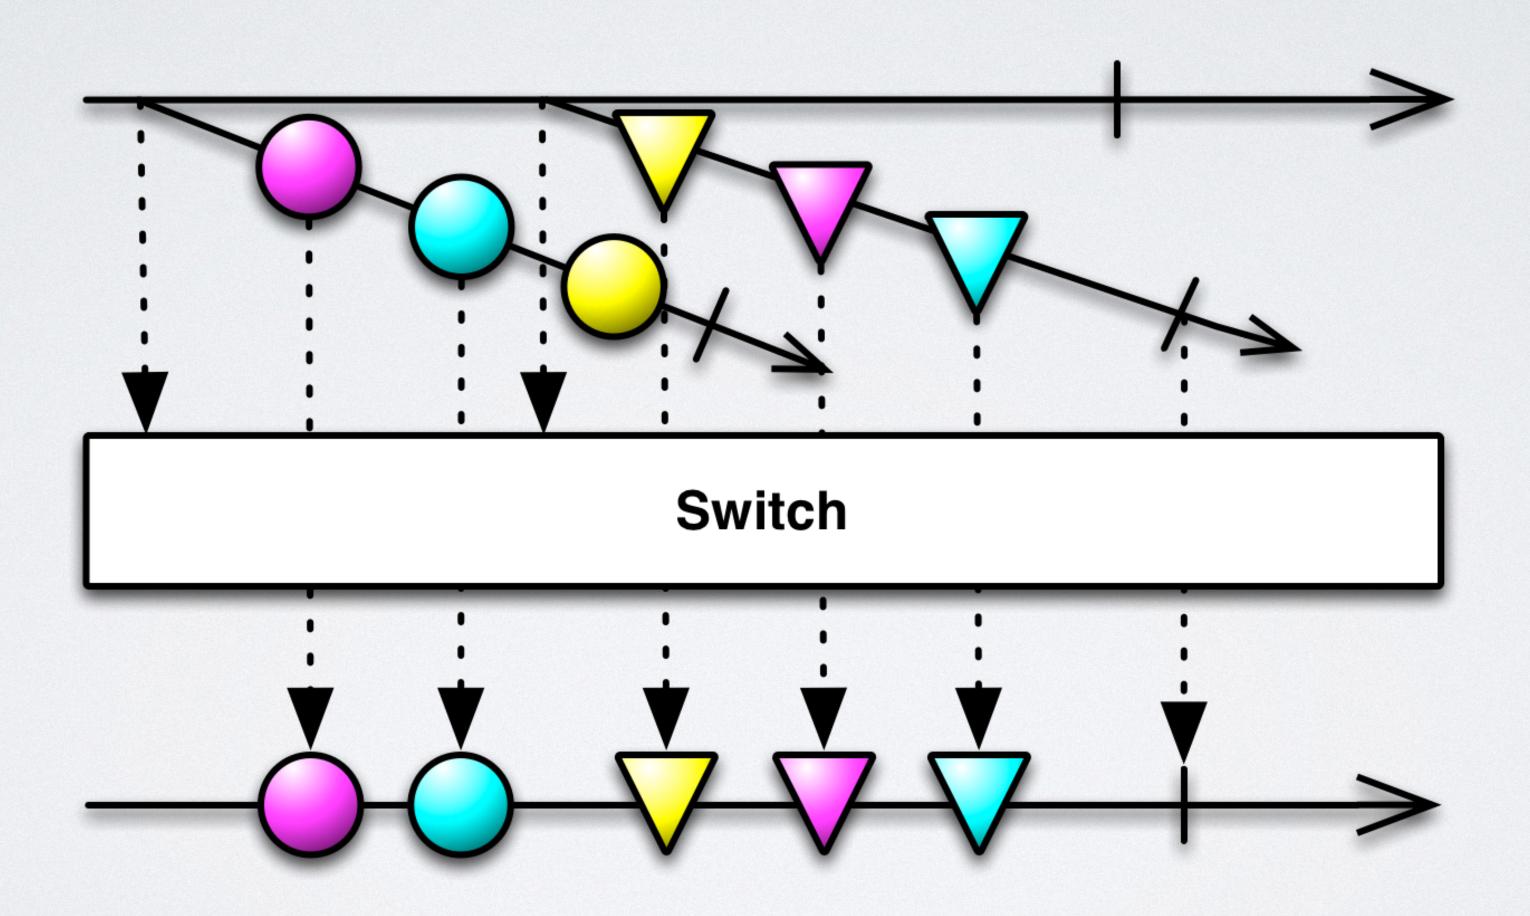

- Observables
- Operators
- Schedulers

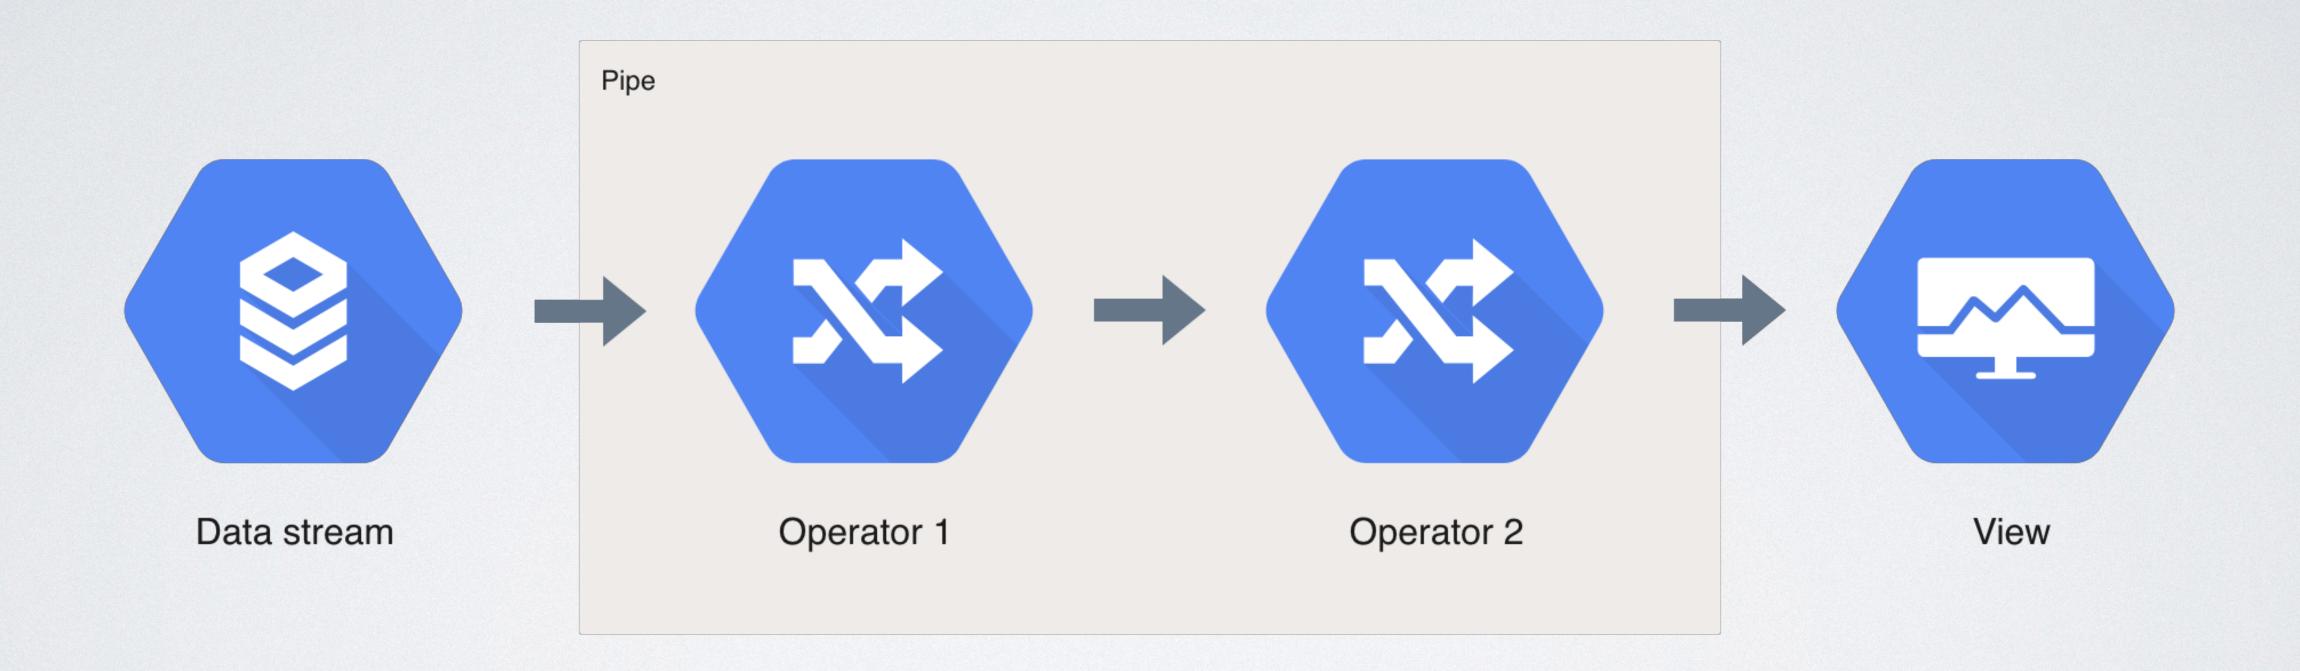

Exemple opérateur

Exemple opérateur

Concrètement

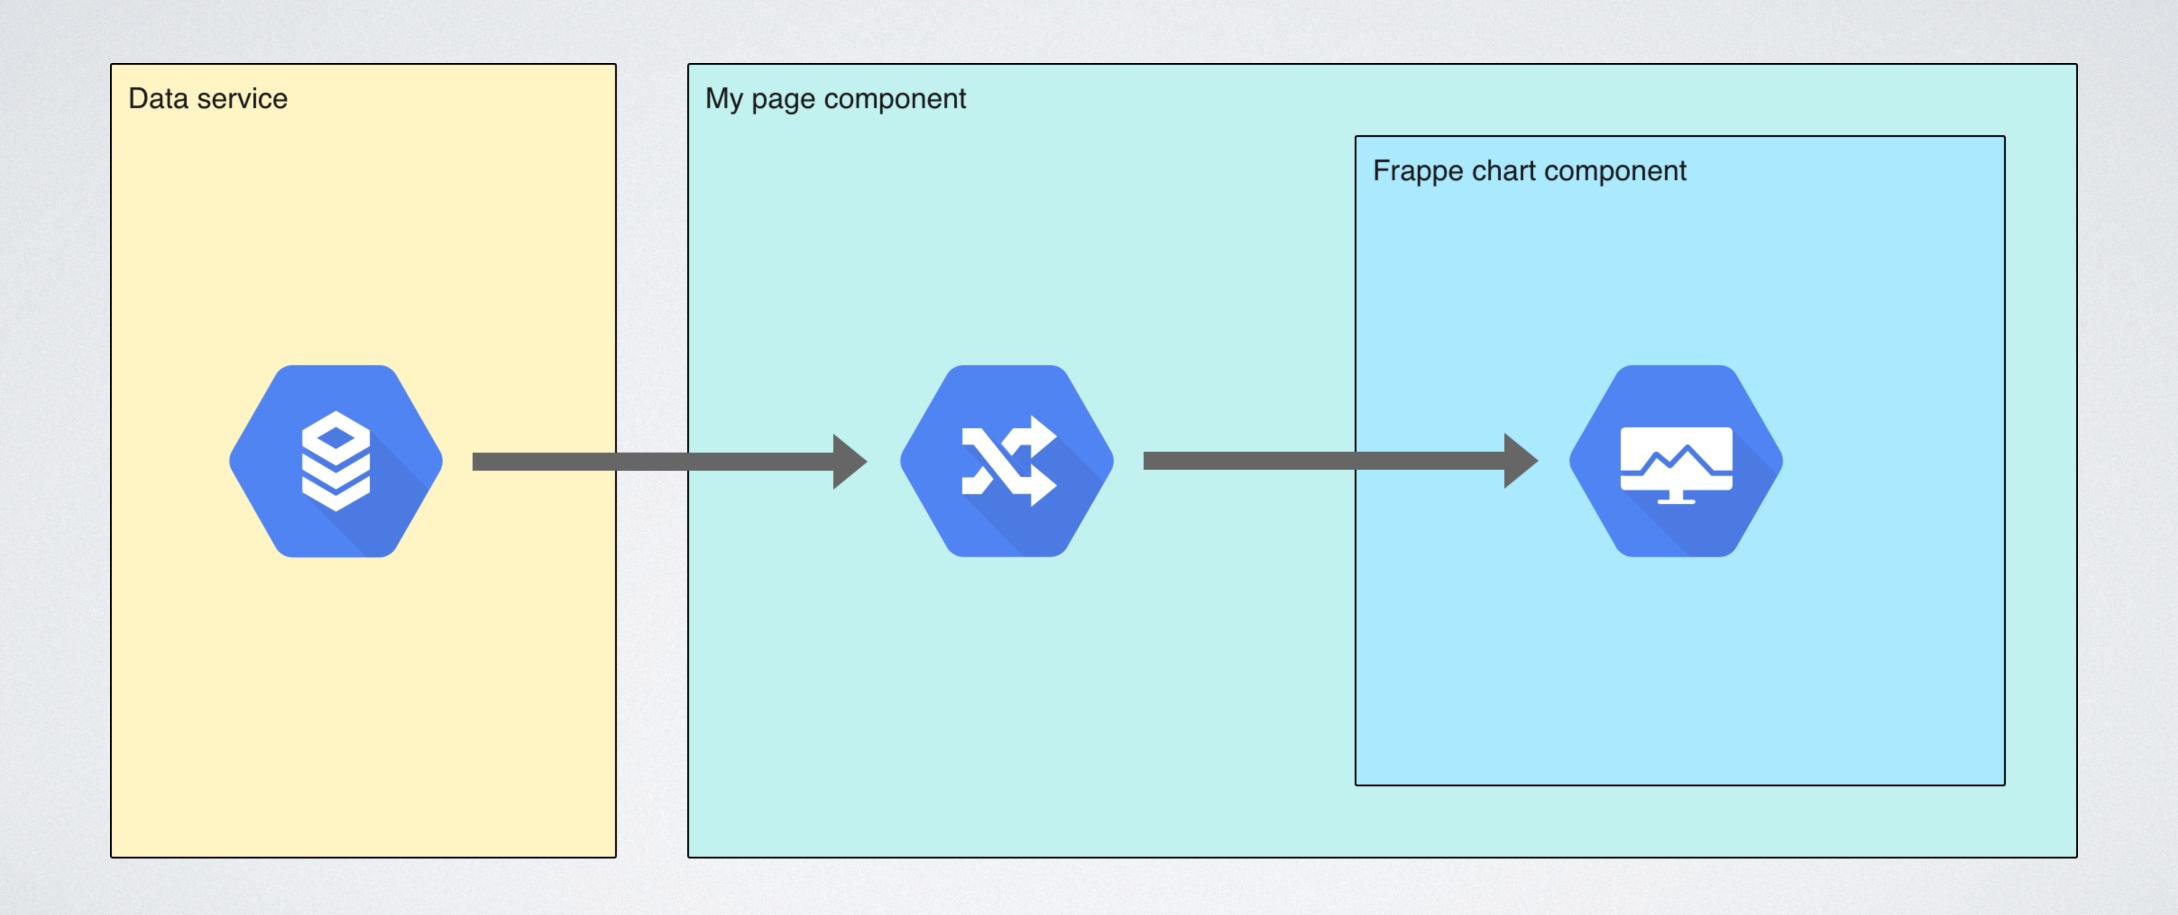

Graphiques

Composant réutilisable

Mise a jour en temps réel

Régénérer intelligemment

Graphiques

Conclusion

Angular et sa structure

Injecteur de dépendances

ReactiveX et Observables
